Introducing advanced technology to the industry and focusing on various consumer groups in different market segments, the company continues to launch new products and broaden the distribution of its lines of products. In 2023, the Youthkeeper Mask, a product that magnifies the rejuvenating effects of the best-selling Youthkeeper Serum on sagging skin, was launched in franchise stores. 4. Status of budget implementation

As there was no disclosure of any financial forecast in 2023, there is no information on budget achievement.

II. Summary of the business plan for 2024:

- 1. Operating guidelines:
- 1.1. We will upgrade our overall business strategy, focusing on the beauty + new consumption tactics, branching out from the beauty industry into the health industry, and striving to help consumers improve their quality of life.
 - The Company also intends to expand its product portfolio around the concepts of "water, microbiome, and regenerative medicine."
 - In terms of business model, the Company is evolving from a product-centered business model to one of cultivation of customer value, providing high-quality services and products that meet the full cycle of customers' needs.
- 1.2. Regarding the franchise channel, based on the marketing principle of "intensive cultivation," we will work on improving management at existing franchises to help them increase profitability and overall quality, in the constant pursuit of long-term, robust growth.

In Mainland China, we will actively tap consumption potential and consumers' needs in markets where we have low coverage. In each area, we will continue to strengthen the management at every level, and maintain an efficient network expansion, while also taking into account the quality of that expansion.

In Hong Kong, Taiwan, and Southeast Asia, we will deepen brand awareness and speed up the addition of new stores to the network. We will reach out to local beauty markets by improving and enforcing franchise management strategies that are adapted to local developments. Furthermore, we will research and develop beauty and health products that are suitable for local consumers.

- 1.3. As far as e-commerce is concerned, we optimized our product portfolio, upgraded the consumption model, introduced the "Home Spa" concept, and improved the franchise channel structure and product coverage through a full-time, countrywide, marketing strategy.
- 1.4. In the field of aesthetic medicine, we are promoting the development of self-owned aesthetic medicine clinics. Combining aesthetics, medicine and science, we are providing consumers with comprehensive beauty, health, and anti-ageing services. We also set foot in the high-end cosmetic medicine industry, taking advantage of artificial intelligence and regenerative medicine to bring additional momentum to the Company's revenue.
- 2. Future development strategy:

In order to expand the Group's operational map, the Company will continue to implement the strategies of "product diversification," "multi-channel selling," and "diversified marketing" in accordance with the macro environment, industry characteristics, and market preferences.

III. The impact of external competition, legal environment, and overall business operation environment

1. The impact of external competition and overall business operation environment:

In 2023, in the face of a turbulent international environment and of the arduous task of reforming the economy while preserving stability, China's economy has continued to grow, the GDP has reached new heights and high-quality development has been going forward steadily. According to the "2023 National Economic and Social Development Statistics Bulletin" published by the National Bureau of Statistics of China, in 2023, China's total economic output amounted to RMB126.06 trillion, or a year-on-year increase of 5.2%. Tertiary industries accounted for 54.6% of China's total GDP. Under the stimulation of multiple factors such as industrialization, the development of the information technology and elevated consumer spending, growth in the tertiary, especially in the service industry, remained strong. The role of consumption is still relatively significant in driving growth, contributing by 4.3 percentage points for the whole year. The level of urbanization keeps on increasing and the income gap between urban and rural residents continues to narrow. Local residents' income grew faster than economic growth. The annual per capita disposable income was 39,218 Chinese yuan, an increase of 6.3% over the previous year. Excluding price factors, the real growth rate was 6.1%. The development of the service industry, continuing urbanization and the increase of per capita disposable income of urban residents all show the huge potential of the consumer goods market in China. The annual total retail sales of consumer goods reached 47.15 trillion Chinese yuan, an increase of 7.2% from the previous year. Among the retail sales of goods above the designated size limit, cosmetics went up 5.1%.

In 2023, China has adhered to the general principle of seeking progress while maintaining stability, fully implementing new development concepts, accelerating the expansion of national strategic scientific and technological strengths, improving the resilience of the industrial chain, comprehensively deepening reform and opening up, adhering to innovation-driven development, and promoting high-quality development. Supported by a series of innovation and entrepreneurship activities and achievements, new industries, new formats and new models have developed faster, becoming a new driving force for economic growth and structural adjustment. In 2023, annual online transaction volume increased 9.4% year on year to a total of 46.83 trillion Chinese yuan, and

online retail sales of physical goods amounted to 13.02 trillion Chinese yuan, an 8.4% increase year on year, and accounting for 27.6% of the total retail sales of consumer goods.

In a rapidly changing external environment, the markets for beauty and skincare franchise and consumer goods are becoming more and more competitive. In a fragmented competitive market, high-quality brands have a strong market appeal and more opportunities for market integration. At the same time, franchisees' business operations are directly affected by the macroeconomic environment and consumers' disposable income. Under the current urbanization and mass entrepreneurship drives, the development of e-commerce will help break down geographical limits and expand consumer groups, which will bring more business opportunities to the Company. The transformation and upgrading of traditional industries and the online-and-offline integrated marketing methods have further highlighted the Company's competitive advantage in combining unique products and services.

2. Impact from the Legal Environment:

To operate skin care products manufacturing and franchise business in China, companies need to obtain numerous licenses and approvals and comply with the following regulations: "Hygienic Standard for Cosmetics," "Regulations Concerning the Hygiene Supervision over Cosmetics," "Detailed Rules for the Implementation of the Regulation on the Hygiene Supervision over Cosmetics," "Industrial Production Authorization Regulations," "Domestic Non-special Purpose Cosmetics Record Management Method," and "Cosmetics Labels Instructions Management Regulations," as well as "Regulation on the Administration of Commercial Franchises." Obtaining relevant licenses in accordance with the laws and regulations has a significant impact on the Company's business operations. As of the date of publication of this annual report, the Company does not need to renew any of the licenses or permits required for business operations.

INDEPENDENT AUDITORS' REPORT TRANSLATED FROM CHINESE

To the Board of Directors and Shareholders of Chlitina Holding Limited

Opinion

We have audited the accompanying consolidated balance sheets of Chlitina Holding Limited and its subsidiaries (the "Group") as at December 31, 2023 and 2022, and the related consolidated statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of material accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2023 and 2022, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the Financial Supervisory Commission.

Basis for opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the *Auditors' responsibilities* for the audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Group's 2023 consolidated financial statements. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters for the Group's 2023 consolidated financial statements are stated as follows:

Accuracy of sales discounts and allowances calculation and recognition

Description

Refer to Note 4(28) for accounting policy on sales discounts and allowances.

The Group offers sales discounts and allowances to customers based on mutual agreement which is recorded as deduction to operating revenue. Given its mathematical complexity, large volume and its significance in determining the Group's operating performance and financial condition for the investors and key management, we considered the accuracy of sales discounts and allowances calculation and recognition as one of the key audit matters.

How our audit addressed the matter

We performed the following audit procedures in respect of the above key audit matter:

- A. Tested whether the internal controls over sales and collection process (including manual and system controls) are effectively designed and performed.
- B. Obtained documentation reviewed and approved by key management to verify whether the calculations of sales discounts and allowances were accurate.
- C. Selected samples of sales discounts and allowances transactions and checked against supporting documentation to ascertain whether they were accurate.

Accounting estimates on inventory valuation

Description

Refer to Note 4(12) for accounting policy on inventory valuation, Note 5 for accounting estimates and assumption uncertainty in relation to inventory valuation and Note 6(5) for details of inventories.

The Group is primarily engaged in the research and development, manufacturing and sales of skincare products. Due to the short expiration dates of its products, the Group is exposed to higher risks of inventory valuation loss or overdue loss when purchase orders are modified or sales deteriorates unexpectedly. The Group evaluates inventories stated at the lower of cost and net realisable value and recognises provision based on the length of time to the products' expiration date.

Since the amount of inventories is significant, the inventory items are numerous, the evaluation of inventories is subject to management's judgement and the accounting estimations have a significant influence on the inventory values, we considered the valuation of inventories as one of the key audit matters.

How our audit addressed the matter

We performed the following audit procedures in respect of the above key audit matter:

- A. Assessed whether the valuation policy is consistently applied and reasonable based on our understanding of the Group's operations and industry.
- B. Obtained the calculation table of gross margin of the Group's each product category and assessed whether the net realisable value used by management is appropriate.
- C. Obtained the detailed listings of products' expiration date, inspected the related supporting documents to ascertain the accuracy of expiration date and assessed whether the allowance for valuation loss provided by the Group based on the length of time to the expiration date is consistent with the actual historical sales and clearance trends of inventories.

Responsibilities of management and those charged with governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the Financial Supervisory Commission, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including audit committee, are responsible for overseeing the Group's financial reporting process.

Auditors' responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

- A. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- B. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- C. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- D. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- E. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- F. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The relevant proposals (including extempore motions and amendments to the original proposals) shall be subject to voting. The meeting shall proceed in accordance with the set agenda, which may not be changed without a resolution of the meeting.

The provision set forth under the preceding paragraph is equally mutatis mutandis applicable to a shareholders' meeting that is convened by a convener beyond the board of directors.

Pursuant to the agenda mentioned (including the occasional (extemporaneous) motions) in the two preceding paragraphs, the chairperson shall not announce adjournment of the meeting until the agenda is concluded unless duly resolved in the meeting. Where a present shareholder is speaking up, other shareholder(s) shall not speak to interfere unless the consent has been obtained from the chairperson and the speaking shareholder. The chairperson shall stop the offender, if any.

Where a virtual shareholders meeting is convened, shareholders attending the virtual meeting online may raise questions in writing at the virtual meeting platform from the chair declaring the meeting open until the chair declaring the meeting adjourned. No more than two questions for the same proposal may be raised. Each question shall contain no more than 200 words. The regulations in paragraphs 1 to 5 do not apply.

Article 12. (Calculation of voting shares and recusal system)

When the voting rights are to be exercised in writing or electronically, such means of exercise shall be expressly provided in the notice to the shareholders' meeting. Any shareholder exercising voting rights in a written or electronic form will be deemed as having attended the shareholders' meeting in person or online, but also deemed as having waived his/her rights with respect to the extempore motions and amendments to original proposals at that meeting. It is therefore advised that the Company avoid the submission of extempore motions and amendments to original proposals.

In case of voting rights being exercised in writing or electronic means as mentioned in the preceding paragraph, the expression of intents shall be served to the Company 2 days prior to the date scheduled for the shareholders' meeting. In case of double expressions in intent, they shall be managed on a come first served basis unless the preceding expression is declared withdrawn.

After a shareholder exercises voting rights in writing or electronic means, if he or she intends to participate in the shareholders' meeting in person, he or she shall revoke the expression of intent mentioned in the preceding paragraph in the means same as that used for exercise of voting rights in writing or electronic means 2 days prior to the date scheduled for the shareholders' meeting. In the event that he or she fails to revoke within the specified time limit, he or she shall still exercise voting rights in writing or electronic means. In the event that a shareholder exercises voting rights in writing or electronic means and participates in the shareholders' meeting through a proxy with a written proxy, the exercise of voting rights in writing or electronic means by his or her proxy shall prevail.

Unless otherwise provided for in the Company Act and in the Company's Articles of Incorporation, decisions in the shareholders' meeting shall be resolved by a majority vote in the meeting that is attended by shareholders who represent a majority of the aggregate total of the outstanding shares. During the voting, the chair or a person designated by the chair shall first announce the total number of voting rights represented by the attending shareholders, followed by a poll of the shareholders. After the conclusion of the shareholders meeting, on the same day it is held, the number of for and against votes as well as abstentions shall be entered into the MOPS.

Where a same issue is accompanied with an amendment or a substitute, the chairperson shall resolve the order of voting along with the initial issue. In the event that one among them is satisfactorily resolved, other issues are deemed to have been vetoed and calling for no voting process any more.

The ballot monitor(s) and counting staff for voting process shall be appointed by the chairperson. A monitor shall be appointed only out of shareholders.

The ballots in voting or election process in a shareholders' meeting shall be counted in an open manner inside the venue and the outcome shall be announced on-the-spot after the counting process is completed, including the statistics for the voting rights which shall be covered into the written records.

In the event of a virtual shareholders meeting, votes shall be counted at once after the chair announces the voting session ends, and results of votes and elections shall be announced immediately.

When the Company convenes a hybrid shareholders meeting, if shareholders who have registered to attend the meeting online in accordance with Article 6 decide to attend the physical shareholders meeting in person, they shall revoke their registration two days before the shareholders meeting in the same manner as they registered. If their registration is not revoked within the time limit, they may only attend the shareholders meeting online.

When shareholders exercise voting rights by correspondence or electronic means, unless they have withdrawn the declaration of intent and attended the shareholders meeting online, except for extraordinary motions, they will not exercise voting rights on the original proposals or make any amendments to the original proposals or exercise voting rights on amendments to the original proposal.

Article 14. (Issues in election)

Where directors are elected in a shareholders' meeting, the election shall be duly conducted in accordance with relevant election guidelines defined by the Company. The outcome of the election, including the names of elected directors and the number of election powers so won by them, shall be announced on-the-spot.

The ballots for the election process mentioned in the preceding paragraph shall be tightly sealed up, signed by the monitor and shall be archived for a minimum of 1 year. In the event that a shareholder lodges litigation in accordance with Article 189 of the Company Act, nevertheless, the ballots shall be archived until after the litigation is concluded.

Article 15. Minutes of shareholders' meeting shall be duly worked out, signed and sealed by the chairperson and served to all shareholders within 20 days from the meeting. The minutes may be produced and distributed in electronic means.

The Company distribute the minutes as mentioned in the preceding paragraph through public announcement by inputting into the Market Observation Post System (MOPS).

The meeting minutes shall accurately record the year, month, day and place of the meeting, the chairperson's name, the methods by which

resolutions are adopted, a summary of the meeting proceedings and the voting results (including the number of voting rights calculated). Where there is an election of directors, the number of voting rights received by each candidate shall be disclosed. The meeting minutes shall be retained for the duration of the existence of the Company.

Where a virtual shareholders meeting is convened, in addition to the particulars to be included in the meeting minutes as described in the preceding paragraph, the start time and end time of the shareholders meeting, how the meeting is convened, the chair's and secretary's name, and actions to be taken in the event of disruption to the virtual meeting platform or participation in the meeting online due to natural disasters, accidents or other force majeure events, and how issues are dealt with shall also be included in the minutes.

When convening a virtual-only shareholder meeting, other than compliance with the requirements in the preceding paragraph, the Company shall specify in the meeting minutes alternative measures available to shareholders with difficulties in attending a virtual-only shareholders meeting online voting rights on amendments to the original proposal.

Article 16. (Public disclosure)

The Company shall, on the very day while the shareholders' meeting is scheduled to be convened, the number of shares successfully solicited by the solicitors, the number of shares under agency of the delegated proxies and the number of shares represented by shareholders attending the meeting by correspondence or electronic means and shall expressly promulgate those on-the-spot of the shareholders' meeting. In the event a virtual shareholders meeting, the Company shall upload the above meeting materials to the virtual meeting platform at least 30 minutes before the meeting starts, and keep this information disclosed until the end of the meeting.

During the Company's virtual shareholders meeting, when the meeting is called to order, the total number of shares represented at the meeting shall be disclosed on the virtual meeting platform.
